**All winnings are merchandise credits posted to your account in the pro shop.**

**PLEASE NOTE:** In order to have the approximate same number of players in each flight, USGA Handicap Indexes will determine flight placement, as is standard practice. **In order to be eligible for winnings payout, individual scorecards must be signed and attested.** Please note each player is scored in the group they signed up for and began play with. An 18-hole player cannot quit after playing 9 holes and move to the 9-hole group, nor can a 9-hole player continue to play 18 and move to the 18-hole group.

There will need to be a minimum of four (4) members playing 9 holes and four (4) members playing 18 holes to have a payout in each group (a foursome is not required, but you must play your round with a CWGA member).

There were no scorecards DQ in this weeks Days Play.

There were no DNF scorecards in this weeks Days Play.
